

NSF HSI National STEM Resource Hub Professional Skills Workshops

Program Evaluation for Grants:

Acquire insight about the most critical components of program evaluation that you need to know as you develop your grant applications. Take your knowledge up a notch by applying these components to your projects as we work through the topics and take the time to develop your own logic models, craft clear research objectives, and more!

Session 1: 09/10/21 (9AM PDT- 2 PM PDT)

*Early admission apply by date: **August 20***

Session 2: 10/09/21 (9AM PDT- 2 PM PDT)

*Early admission apply by date: **September 18***

(Session 2: 10/09 is a repeat of the 9/10 workshop)

RACHEL BOREN
NMSU

Rachel Boren earned her Ph.D. in Educational Research, Statistics, and Evaluation from the University of Virginia. She has a diverse portfolio of experience with program evaluation, most recently as an evaluator in the Provost's Office at the University of Texas at El Paso and the Director of Evaluation for a 70 million-dollar National Institutes of Health funded center. As SOAR Director at NMSU, she oversees evaluations for grants for faculty and staff across campus.

Supported by the National Science Foundation Awards 1832338 and 1832345.
