

NSF HSI National STEM Resource Hub Professional Skills Workshops

Preparing the Annual Report:

Dr. Mabry will bring her experience as an NSF Program Officer who has been tasked with reviewing annual reports.

This workshop will include an overview of the annual report content followed by a Q&A where workshop attendees will have the opportunity to ask questions about report preparation. A breakout session will allow attendees to network and share project information with other HSI awardees.

Session 1: 10/15/21 (9AM PDT- 2 PM PDT)

Early admission apply by date: **September 17**

APPLICATION:

Supported by the National Science Foundation Awards 1832338 and 1832345.

**KAREN MABRY,
NMSU**

Karen Mabry earned her Ph.D. in Animal Behavior from the University of California, Davis. Her research program at NMSU focuses on the behavior and ecology of animals in environments that vary across space and time; much of this work has been supported by NSF awards. From 2017-2020, she was a Program Officer in the Directorate for Biological Sciences at the National Science Foundation, where she managed the merit review process for the Animal Behavior Program and interacted with researchers concerning all aspects of proposal submission and review.
